Technical Delivery Manager | Enterprise Systems & PLM Solutions

[LinkedIn](#) | [Stack Overflow](#)

## Professional Summary

Technical leader with 10+ years of experience bridging **business strategy and technical execution** across retail, apparel, and consumer goods. Skilled in **enterprise systems integration, PLM implementation, and solution architecture**. Proven record of leading cross-functional teams, streamlining delivery pipelines, and optimizing IT environments for performance and scalability.

## Experience

**Centric Software** – Seattle, WA

*Technical Delivery Manager* (Apr 2024 – Present)

*Business Consultant* (Oct 2021 – Apr 2024)

- Lead end-to-end delivery of PLM implementations using Agile methodologies.
- Conduct business process analysis, system integration mapping, and interface design with ERP and related systems.
- Provide technical leadership on IT optimization, enterprise environment deployments, and integration best practices.
- Mentor consultants and ensure alignment of customer solutions with Centric PLM out-of-the-box capabilities.

**Lilly Pulitzer** – Seattle, WA & Philadelphia, PA

*Solutions Architect* (Apr 2019 – Oct 2021)

*Supervisor, Product Development & Merch Systems* (Dec 2015 – Apr 2019)

- Expanded supplier collaboration on Centric PLM, integrating purchase orders, cost worksheets, and sample requests.
- Designed integrations between Centric PLM and First Insight, enabling data-driven design and line planning.
- Led implementation of Centric PLM, replacing Gerber WebPDM; developed long-term technology roadmaps.
- Transitioned allocation team to automated demand-based replenishment, optimizing inventory management.

**Five Below** – Philadelphia, PA

*Business Systems Analyst* (Jun 2014 – Dec 2015)

- SME for merchandising, planning, allocation, and warehouse systems.

- Enhanced JDA Allocation with automated allocation logic and need-based variables.
- Built ETL/data pipelines using SQL Server Integration Services and Python.

**Zodiac Aerospace** – Philadelphia, PA

*Business Analyst* (Aug 2013 – Jun 2014)

- Supported Infor M3 ERP implementations; designed system enhancements and delivered end-user training.

**Urban Outfitters** – Philadelphia, PA

*Business Systems Analyst* (Aug 2011 – Aug 2013)

- Led ERP upgrades (Island Pacific), regression testing, SQL reporting, and iSeries automation.
- Automated manual processes and improved system interfaces to streamline operations.

## **Education**

**MBA, Business Administration** – Florida Gulf Coast University

**B.S., Finance** – Florida Gulf Coast University
